CLASSIFICATION. Since this Report Documentation Page, DD Form 1473, is used in preparing announcements, bibliographies, and data banks, it should be unclassified if possible. If a classification is required, identify the classified items on the page by the appropriate symbol.

COMPLETION GUIDE

General. Make Blocks 1, 4, 5, 6, 7, 11, 13, 15, and 16 agree with the corresponding information on the report cover. Leave Blocks 2 and 3 blank.

Block 1. Report Number. Enter the unique alphanumeric report number shown on the cover.

Block 2. Government Accession No. Leave Blank. This space is for use by the Defense Documentation Center.

Block 3. Recipient's Catalog Number. Leave blank. This space is for the use of the report recipient to assist in future retrieval of the document.

Block 4. Title and Subtitle. Enter the title in all capital letters exactly as it appears on the publication. Titles should be unclassified whenever possible. Write out the English equivalent for Greek letters and mathematical symbols in the title (see "Abstracting Scientific and Technical Reports of Defense-sponsored RDT/E," AD-667 000). If the report has a subtitle, this subtitle should follow the main title, be separated by a comma or semicolon if appropriate, and be initially capitalized. If a publication has a title in a foreign language, translate the title into English and follow the English translation with the title in the original language. Make every effort to simplify the title before publication.

Block 5. Type of Report and Period Covered. Indicate here whether report is interim, final, etc., and, if applicable, inclusive dates of period covered, such as the life of a contract covered in a final contractor report.

Block 6. Performing Organization Report Number. Only numbers other than the official report number shown in Block 1, such as series numbers for in-house reports or a contractor/grantee number assigned by him, will be placed in this space. If no such numbers are used, leave this space blank.

Block 7. Author(s). Include corresponding information from the report cover. Give the name(s) of the author(s) in conventional order (for example, John R. Doe or, if author prefers, J. Robert Doe). In addition, list the affiliation of an author if it differs from that of the performing organization.

The DoD "Thesaurus of Engineering and Scientific Terms" (TEST), AD-672 000, can be helpful.

Block 20. Abstract. The abstract should be a brief (not to exceed 200 words) factual summary of the most significant information contained in the report. If possible, the abstract of a classified report should be unclassified and the abstract to an unclassified report should consist of publicly-releasable information. FAD 726 NOTES - FY 1988 AUTHORIZATION

- NOTE:** The HASC column of this report reflects the Aspin Amendment (re-mark of HASC Report No. 100-58), as reflected in the Congressional Record dated April 27, 1987. See note below for a list of changes between the report and the amendment. The Aspin Amendment was passed as floor action on May 5, 1987.
- NOTE:** This report includes \$95.8 million in the HASC and the Authorization Conference in Missile Procurement, Air Force for the PAVE TIGER SYSTEM which is offset by a financing adjustment line only in the HASC. The \$95.8 million was added by Section 110 (c) of HASC Report No. 100-58 as a reauthorization of prior year RDT&E authority.
- NOTE:** As a result of the HASC re-mark (Aspin Amendment), a portion of Civilian Pay Raises, which is an additional amount comprised of an increase from 2% to 3% and a slippage of the effective date from January 1, 1988 to April 1, 1988, are included in the respective accounts of this report. (Pay Raises were included in Contingencies in the President's budget). (These amounts were not included in the respective accounts in the original HASC Report No. 100-58.)
- NOTE:** Defense Production Act is not included in the DoD Bill Authorization totals as it is not authorized by the Armed Services Committees, but in separate legislation. Therefore, it is in a separate section of this FAD entitled Other Legislation, in the amount of \$30.8 million.
- NOTE:** Following is a list of changes by appropriation, between HASC Report No. 100-58 and the Aspin Amendment:

FAD 726 NOTES - FY 1988 AUTHORIZATION (CONTINUED)

NOTE: This FAD does not include a **Budget Amendment** in the amount of \$-32.0 million (Operation & Maintenance, Navy) that was transmitted by the President on July 31, 1987, nor a second **Budget Amendment** transmitted on October 29, 1987 in the amount of \$-10.3 million (Operation & Maintenance, Navy, + \$32.0 million and RDT&E, Navy, \$-42.3 million). The original transmission date was after most of the Authorization action had already taken place. This Amendment would provide funds to support Jordan's West Bank/Gaza development program.

NOTE: This FAD does not include the "Other" Section 4 "Compliance with the Budget Resolution" in the **Authorization Conference** in the amount of \$-3,036.6 million.

NOTE: The **Authorization Conference Level** reflected in this FAD is the Conference Agreement Level. This is the higher of the two levels and it superseded the lower Contingent Level with the passage of the Long Term Continuing Resolution Act containing the Department of Defense Appropriations Acts.
